

# Links to Vaccine-Related Web Sites

**[All Kids Count \(AKC\)](http://www.allkidscount.org/)** (<http://www.allkidscount.org/>)

The All Kids Count program administers projects to develop immunization monitoring and follow-up systems for preschool children.

**[Children's Vaccine Program](http://www.childrensvaccine.org/)** (<http://www.childrensvaccine.org/>)

(Gates CVP) was established to promote equal access to lifesaving vaccines worldwide. This site provides information on advocacy issues, clinical issues, service delivery, immunization financing, safe injections, other related organizations, etc.

**[Brighton Collaboration](http://brightoncollaboration.org/en/index.html)** (<http://brightoncollaboration.org/en/index.html>)

A collaboration developing standardized case definitions of Adverse Events Following Immunization (AEFIs) to improve immunization safety monitoring and research.

**[CDC Travel Information](http://www.cdc.gov/travel/)** (<http://www.cdc.gov/travel/>)

Reference material for international travel, including vaccine recommendations for travel to various countries.

**[CDC's Division of Viral Hepatitis](http://www.cdc.gov/ncidod/diseases/hepatitis/index.htm)**

(<http://www.cdc.gov/ncidod/diseases/hepatitis/index.htm>)  
Information about hepatitis.

**[Every Child by Two \(ECBT\)](http://www.ecbt.org/)** (<http://www.ecbt.org/>)

The goals of ECBT are to raise awareness of the critical need for timely immunization and foster putting in place a systematic way to immunize all of America's children by the age of two.

**[Guide to Community Preventive Services](http://www.thecommunityguide.org/vaccine)**

(<http://www.thecommunityguide.org/vaccine>)

Evidence-based strategies for improving and maintaining vaccine coverage in children, adolescents, and adults.

Field Code Changed

Deleted: (Go to "The Guide" and then to "Vaccine-Preventable Diseases.")

**[Global Alliance for Vaccines and Immunization \(GAVI\)](http://www.vaccinealliance.org/home/index.php)**

(<http://www.vaccinealliance.org/home/index.php>)

A partnership dedicated to ensuring that all children, however poor, have equal access to vaccines.

**[Immunization Action Coalition \(IAC\)](http://www.immunize.org/)** (<http://www.immunize.org/>)

Abundant useful information about immunization, including information about immunization resources and their newsletter "Needle Tips."

**[Immunization Gateway](http://www.immunofacts.com/)** (<http://www.immunofacts.com/>)

Links to many expert immunization resources available on the Internet, conveniently organized by category.

**[Institute for Vaccine Safety](http://www.vaccinesafety.edu/)** (<http://www.vaccinesafety.edu/>)

Information on vaccines currently in the media including: anthrax, hepatitis B, MMR, polio, rotavirus, thimerosal, varicella, and yellow fever.

**National Coalition for Adult Immunization (NCAI)** (<http://www.nfid.org/ncai/>)  
Information about adult and adolescent immunization, including the NCAI's newsletter "Coalition News."

**National Foundation for Infectious Diseases (NFID)** (<http://www.nfid.org/>)  
Information on the research of causes, cures, and prevention of infectious diseases, public and professional education programs, immunization publications, etc.

**National Immunization Program (NIP)** (<http://www.cdc.gov/nip>) Provides extensive, detailed information about vaccines, including recommended vaccine schedules, for parents, the general public, healthcare professionals, partner organizations, and the media. All materials on this Immunization Works CD can be found at the NIP web site.

**National Network for Immunization Information (NNii)**  
(<http://www.immunizationinfo.org/>)  
Information for the public, health professionals, policymakers, and the media about immunization. Site includes immunization news, a vaccine information database, and a guide to evaluating vaccination information on the Web.

**National Partnership for Immunization (NPI)**  
(<http://www.partnersforimmunization.org/>)  
Regularly features information such as general vaccine information, state requirements, bioterrorism, vaccine safety, immunization registry, state health profiles, etc.

**National Vaccine Injury Compensation Program**  
(<http://www.hrsa.gov/osp/vicp/vicp.html>)  
Information about a federal program that provides compensation for people who may have been seriously injured by vaccines.

**National Vaccine Program Office (NVPO)** (<http://www.hhs.gov/nvpo/>)  
General information about vaccines and immunization-related activities at the federal level.
